## Don't Fret the small stuff:

**Participation** is the way forward -- I know, because it was decided at our last general meeting. So far, it's been going great!!

The monthly club nights are continuing as an **Open Mic Night** for the moment and the last couple of months have been really great with a wide range of performances from a variety of participants.

So, come to the **Jam nights** if you can, maybe connect with a couple of like minded guitar players, you could work on a couple of tunes for the next month's Open Mic and be part of the entertainment.

I urge you all to check the website [www.nzguitar.com](http://www.nzguitar.com) from time to time to keep up to date. You can also make comments on various articles, even comment as a review about a show you may have been to, like Santana recently (Eric sent in some photos) or jam night, evening experience etc., anything that is relevant. I can review it for publication and, if you leave your contact details in the comment, I can check with you to make sure you want it published. I can edit it out.

Also send me links or suggestions of **websites of interest**. Dave gave me a long list of his favourite sites before he left for Europe, which I'll put up soon. This kind of interaction makes for a much more interesting read for people who happen across us.

Also, feel free to forward info to me to use in updating the "about us" section. **Why does GANZ appeal to you?** Have you thought about what you enjoy about it? I could make a lot of stuff up but it's much better for anyone interested in finding out more about us if we share our own experiences. I really want to start a photo gallery of gear that members and others might have, send them to me [reeve@wibble.net](mailto:reeve@wibble.net) and I'll start it soon !!

Participation..... I'm working on a couple of new original tunes after the great feedback from the last open mic .....?

Keep noodling,

Dennis
